

## Shipping Insurance or Waiver Form

(This waiver applies to UPS & Freight)

The insurance option guarantees (in the event of freight or UPS damage) a refund of the amount spent on the items you purchased. You may **waive** your right for insurance on freight or additional insurance on UPS (UPS automatically insures up to \$100.00), but this does mean you may not receive a refund from the items shipped.

Freightquote is the company we use to send freight. If you do not purchase insurance for the items you are shipping they will only reimburse \$.10 for every pound that was originally shipped. In the event a claim is denied (by the freight company) because of any action, or lack thereof, on the customers part, those whom waived the insurance, may not receive a Refund.

In simple terms, anyone with a damage claim, whom waives the insurance option, any refund of the order ultimately rests with the results of the claim via the Freight Company or UPS.

I want the insurance or additional insurance (UPS). I understand there is a \$100.00 deductible on all claims made. I understand I'm still responsible to make note of any damages upon delivery of my order with the driver. (With this option I may simply email or fax a request to insure the shipment)

I do not want the insurance and I will wait for my claim to process through the freight company in the event of damages, and I will accept whatever reimbursement the freight

company offers, leaving Top Shop Auctions, INC. without liability...

Approx. Freightquote Insurance Costs: Insurance covers the invoice total plus shipping cost.

\$0-\$1500 = \$40.00

\$1500-\$3000= \$80.00

\$3000-\$5000= \$130.00
